

Physical
interface

```
graph TD; PI[Physical interface] --- W[Wireguard]; W --- F[Firewall]; F --- BI[Bridge interface]; BI --- U[Userspace];
```

The diagram illustrates a network architecture stack. At the top is a box labeled 'Physical interface'. A vertical line connects it to the text 'Wireguard'. From 'Wireguard', three lines (one vertical, two diagonal) connect to a wide box labeled 'Firewall'. From the 'Firewall' box, three lines (one vertical, two diagonal) connect to a box labeled 'Bridge interface'. Finally, a vertical line connects the 'Bridge interface' box to the text 'Userspace' at the bottom.
